

NEW RETREAT BY GERMAN CAUCASUS ARMIES; NAZI COUNTERATTACKS FAIL

RED ARMY'S DRIVE THROUGH CAUCASUS NOW FANNING OUT

DESPITE ENEMY ATTEMPTS AT STAND RUSSIAN OFFENSIVE UNCHECKED

By HENRY C. CASSIDY.
MOSCOW, Jan. 14.—(AP)—The Red army's comeback drive through the Caucasus was reported today fanning out wider on both sides of the Rostov-Baku trunk line as separate spearheads of the assault stabbed on through towns more than 20 miles west and 30 miles north of recaptured Mineralnye Vody.

Despite German attempts at a stand, the Russians were broadening their offensive front in fighting unchecked by steady rains and wet snow which bogged the fertile valley fields with mud and water.

A dozen towns were won back under the Red banner in the continuing drive, officials announced.

German reports that the Russians had launched the Leningrad siege line or on the Voronezh front to the north of the Don bend were not confirmed here.

Dispatches announcing the recapture of Novo Bladgodarnoye placed the Russian advance more than 20 miles west of the spa town of Mineralnye Vody, recaptured early this week.

Another arm of the offensive swept through Kumogorsky and on past Zhuravskoye, 50 miles north of Mineralnye Vody.

In between, on the straightened front, the Russians reported seizing the little towns of Kalaborka, Orbelianovka and Pobegallowskye in the heart of some of the most intensively farmed land in the Caucasus.

Red Star, mouthpiece of the Russian Ministry of War, said the German force had been surrounded in one Caucasian settlement and was under the combined attacks of tanks and Cossack cavalry.

In their regular early war bulletin, the Soviet leaders recounted a sharp advance along the railway to Rostov, a slowing-down of the combined drive northwest of Mineralnye Vody, the smashing of waves of determined Axis counterattacks in the lower Don river area, and new successes in the Russian campaign to throw the Germans out of the Stalingrad factory area and to exterminate the besiegers.

Red army columns slashed due north from the Stalingrad-Rostov rail line to recapture Zhuravskoye, seizing the district center of Novoselitskoye and other large towns in the advance, it was stated.

A PILOT NOW—Included in one of the largest classes in the history of the Army Air Forces Gulf Coast Training Center receiving silver wings is Lieut. Vernon T. Bower, 1505 West Sixth Avenue. The Corsicana pilot took his advanced training at Brooks Field where he was commissioned Thursday. Members of the class range in age from 18 to 27 years and all are ready and anxious for combat duty.

Can Collection Campaign Starts Monday, Jan. 18th

An urgent appeal to all city and county general salvage chairmen within a 100-mile radius of Dallas has been issued to aid in tin can collection and the citizens of Corsicana are asked to give their wholehearted support to this vital phase of the salvage program, by Fred Prince, county salvage chairman.

Details were completed Wednesday night of a campaign to collect tin cans, city officials and civic leaders for the tin can drive in Navarro county.

"There are enough tin cans in this area to keep two plants running 24 hours a day," said Prince, "but there are not enough of them being salvaged to keep one plant running for a full-time 8-hour shift."

When the Shredded Steel Company opened its Dallas shredding plant at Santa Fe and Oak Lane in July, it was operating two shifts. The scarcity of salvaged cans available to the plant reduced the shift to one a day and the plant was idle on Saturday for lack of material, said Prince.

Tin cans which are processed by the Shredded Steel Company are sent to the copper mines where they are used in a precipitation process for the reclamation of copper, one of the most vital war metals. A ton of shredded tin cans will reclaim one and one-half tons of copper. The tin can collection campaign will get under way Jan. 18, and will continue through January 28. All civic organizations are expected to participate.

"This vital tin can drive, which is a government-owned plant, should not be let down when the need has never been greater for its work," said Prince, and the people of this county are asked to give their every cooperation to tin can salvage work so that this plant can operate at full capacity. H. M. Montgomery is chairman of the can campaign, and is being assisted by W. E. McKinney, head of the civilian defense organization.

Tin can collection lots are being established throughout Navarro county, and when 1000 cubic feet (10x10x10 feet) of cans are collected, the Shredded Steel Company of Dallas should be notified and a truck will call for the collection. No payment will be made for tin cans. Ben Templeton, REA official and chairman of the transportation committee.

TEXAS LEGISLATURE CANVASSING RETURNS GENERAL ELECTION

GOVERNOR STEVENSON SENT NAMES 137 AP-POINTEES TO SENATE

AUSTIN, Jan. 14.—(AP)—A joint house and senate canvass of general election votes for governor and lieutenant-governor today gave Coke R. Stevenson 280,735 votes and his republican opponent, C. K. McDowell, 9,204.

John Lee Smith received 278,396 votes for lieutenant-governor and B. J. Peasley, republican, 9,422.

Stevenson and Smith were declared elected for two year terms at the conclusion of the canvass.

AUSTIN, Jan. 14.—(AP)—The 48th legislature today started its lengthy cut-and-dried but constitutionally required canvass of the general election votes for governor and lieutenant-governor.

The two houses stood at ease while a joint committee tabulated the returns—already well known to the public—which will be submitted later in the day to a combined senate-house session which will declare that Coke R. Stevenson was duly elected governor and John Lee Smith lieutenant governor.

The process is a formality which must be disposed of prior to the inaugural ceremonies next week.

Governor Stevenson meanwhile sent to the senate for confirmation the names of 137 appointees to state boards, commissions and committees, all of which have been previously announced.

The house completed action and sent to the governor a senate bill authorizing deduction of the 5 per cent victory tax from the salaries of state employees, for the duration of the war only.

Since the governor had submitted this matter as an emergency, his early signature was anticipated.

A temporary committee to investigate the election laws and procedure with a view to writing a bill to improve them was named in the senate. Chairman is T. C. Charick of Quitman and its members included Sens. Allan Shivers and Arthur and Kyle Vick of Waco.

A resolution proposing a constitutional amendment limiting regular sessions of the legislature to two sessions was introduced.

ANNUAL MEETING OF COMMUNITY FOUNDATION HELD

A. G. Elliott, vice president of the National Bank Wednesday afternoon was elected chairman of the managing trustees of the Navarro Community Foundation at the annual meeting. He succeeds the late Judge C. L. Jespersen, who founded the Foundation was established several years ago by the late Frank Neal Drane, capitalist and philanthropist.

Chairman Elliott had served as vice chairman for several years. J. O. Burke, vice president of the State National Bank, was elected vice chairman, succeeding Elliott. E. W. Robinson was renamed executive secretary.

Trustees re-elected for three year terms were B. Lynn Davis, J. M. Dyer, Dr. E. H. Newton and Sidney Marks.

The executive committee for 1943 is composed of the three officers, Robert Stell and Tom L. Tyson.

Holderover trustees are Ben F. Blackmon, Burke, Elliott, W. T. McKee, Robinson, Stell, Tyson and R. L. Wheelock.

Judge Elliott failed to name a successor on the board for Judge Jester, the number was reduced to twelve.

Several other matters of routine business were considered, it was announced Thursday morning.

L. L. Bennett is Named Assistant County Agent

L. L. Bennett of Groesbeck will assume his duties as assistant Navarro county agent Saturday, Jan. 16. H. C. Robinson, county agent announced Tuesday. He succeeds Ben D. Cook, transferred to Kaufman as county agent.

Bennett was Limestone county school superintendent prior to January 1. He was elected and before being elected school superintendent, was a vocational agriculture teacher.

Judge Hutchins, a resident of Greenville since 1936 and who was reared in Greenville, formerly was county judge of Crosby county. He is a graduate of the University of Texas, and has been the tax attorney here since July, 1939.

SENATOR TRUMAN PROTESTS FARMERS EQUIPMENT RULES

SAYS WAR PRODUCTION BOARD'S RESTRICTIONS HAMPERING PRODUCERS

WASHINGTON, Jan. 14.—(AP)—Senator Truman (D-Mo.) protested today that farmers in America's arsenal of food, already short on labor, face a shortage of equipment because of restrictions laid down by the War Production Board.

Truman and other members of the senate defense investigating committee inquired pointedly of the wisdom of a WPB order which cut 1943 production of farm machinery to 23 per cent of the 1940 tonnage, and set the production of replacement parts at 167 per cent of the 1940 output.

Oscar W. Meie, chief of the agricultural, food and textile machinery unit of WPB, replied that 1940 was one of the peak years for purchases of farm machinery, and as a result farmers' equipment is generally in good shape.

Truman retorted, "I don't believe you have given him either enough new machinery or adequate repairs."

This same committee, which Truman heads, was assured by John L. Lewis, president of the United Mine Workers, that he is doing "everything possible" to end the anthracite strike in Pennsylvania.

The board called a public hearing on the case here tomorrow, and also a gasoline shortage to explain "why the anthracite miners, citizens of the United States whose sons and brothers are at the fighting front, are on strike against the national no-strike policy and against the welfare of the nation in time of war."

Producers of anthracite have temporarily suspended shipments to Canada and points west of Erie, Pa., Secretary Ickes, the solid fuels co-ordinator, announced.

There also is a gasoline shortage in the 17 state Eastern area and in this connection the Office of War Relocation Administration.

DR. E. E. SANNER DIED THURSDAY; BE BURIED ON FRIDAY

Dr. E. E. Sanner, age 73 years, died at the Corsicana Hospital and Clinic Thursday morning following a brief illness. Funeral services will be held Friday afternoon at 2 o'clock from the chapel of the Sutherland-McCammon Funeral Home, Rev. Ray, pastor of the First Presbyterian church, will conduct the rites. Burial will be in Oakwood cemetery. Masons will have charge at the grave and there will be a service of honor by the Knights Templar.

Dr. Sanner had been a practicing physician in Corsicana for 45 years and had maintained an office in the same building during that time. He was prominent in medical, civic, church and Masonic circles.

Sanner was a daughter, Mrs. E. J. Mayfield, Corsicana; a sister, Mrs. Kate Davis, Clarence, Mo.; a brother, Sam Sanner; a grandson, and other relatives.

Attention, Masons.

All Masons are requested to attend a called meeting of the Corsicana Lodge Friday afternoon at 1 o'clock at the Temple for the purpose of attending the funeral of Dr. E. E. Sanner, which will be held at 2 o'clock. There will be a service of honor by the Knights Templar—T. J. Taylor, Secretary.

HITLER CARRYING ON GREAT, RUTHLESS CAMPAIGN MOBILIZE ECONOMIC RESOURCES EUROPE

By GLENN BABB

Hitler is carrying on a gigantic ruthless campaign to mobilize the economic resources of the entire continent of Europe, as part of his preparations for holding his fortress of Europe against the anticipated allied blows of 1943.

Daily it becomes more evident that the boast of the global Goering—that the Germans will eat no matter who goes hungry—applies not to food alone but to all wealth and the means of producing wealth.

Hitler will stop at nothing in this campaign; he will pauperize all Europe if need be to get what he requires, for his war machine.

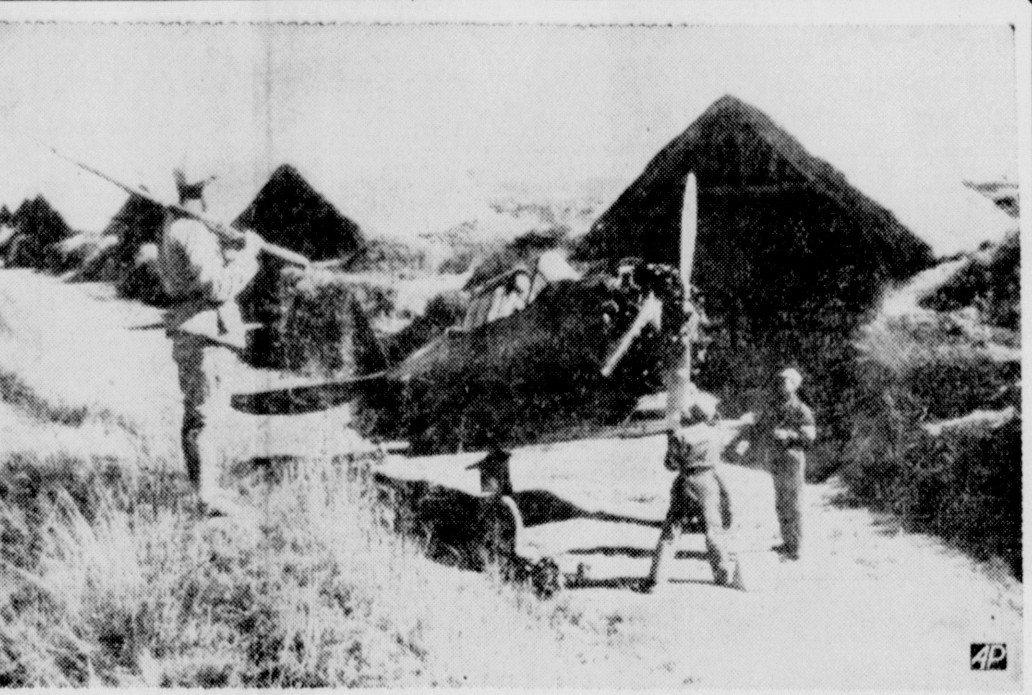

The fuhrer's meeting with his stooges in charge of Rumania, Marshal Antonescu, announced by Berlin yesterday, was part of this campaign. One reason Antonescu was summoned to headquarters no doubt was to receive orders to put down the rising clamor against the spilling of so much Rumanian blood in Russia and to make sure flow of Rumanian manpower into the Eastern front remained steady.

For that purpose Kitzel and Zeltner sat at the conference table. But probably the most important men there were Doctors Funk and Coudius, whose function is to supply the wealth that keeps the armies going.

Just what Hitler requires of Rumania was not disclosed. Perhaps more oil or more grain. That retreat in the Caucasus, abandoning the bright hopes of 1942 of gathering in the oil of Grozny and Baku, poses a grave new fuel problem. The anticipated yield from the grain fields of the Ukraine has become a bigger question mark. The Germans may not even be in possession of those fields when next harvest time comes. Hitler may have demanded that Rumania, already sorely bled for the Russian campaign, contribute workers for the reich's labor-hungry industries. Whatever he asked it was connected with his colossal economic mobilization.

Hitler's search for labor is made more desperate by the claims of his army on German manpower. A Stockholm dispatch reports today that a military commission is touring the reich to comb out per capita labor from two million men. Hitler's rated unfit for military service.

Heavy losses in Russia must be replaced, the demands of the second front already opened in the Mediterranean area and of the preparations against a third front in the west must be met. At the same time war industry must be expanded and accelerated to an unprecedented degree in the attempt to match the production of the United States, the British Empire and Russia.

WHERE U. S. FIGHTERS HIDE IN CHINA—Chinese soldier, with bayonet fixed, stands as repair work is started on a U. S. fighter plane somewhere in China. Planes are stored in these camouflaged huts in a Chinese dispersal area.

RAIL COMMISSION EMPHASIZE NEED FOR HIGHER ALLOWABLE

CULBERSON SAYS MUCH STATE'S STORAGE CAPACITY EMPTY NOW

By BRACK CURRY.

AUSTIN, Jan. 14.—(AP)—Emphasizing the firm demand for Texas crude and the deficiency in storage stocks, members of the Railroad Commission declared today that the state's February oil allowable should be substantially increased if a critical shortage of crude products is to be averted in mid-summer or early fall.

On the eve of the statewide production meeting in Dallas tomorrow, Commissioner Olin Culbertson reported that 40 per cent of the state's 268,000,000 total storage capacity was empty. He called for stepped-up allowables to create a storage backlog to meet spiraling prices and a demand for crude products in the second quarter.

Commissioner Ernest O. Thompson announced total purchaser nominations for February of 1,621,374 barrels, an increase of 26,526 over January nominations. The increase he said, indicates continued firm demand for about 200,000 barrels daily above the February production for this month.

Storage stocks approaching the 20-year record low constitute a danger signal of impending shortages to Chairman Beauford H. Jester declared today that Texas is today with a war labor board demands that will grow progressively larger throughout 1943. Warning that "we must not get caught short" Jester declared that Texas is today with a war labor board demands that will grow progressively larger throughout 1943. Warning that "we must not get caught short" Jester declared that Texas is today with a war labor board demands that will grow progressively larger throughout 1943.

Higher Nominations.

February nominations that will be officially submitted to the commission at the hearing tomorrow soared 244,000 barrels daily over the state's production for the week ending January 2, Thompson said. During the week in which many of the state's 99,900 wells were shut in, Texas produced 1,377,000 barrels of crude daily.

For the previous week, when most of the wells were flowing, 1,499,000 barrels were produced.

Army Dispatch Rider Held Up; Papers Rifled

NORTH KINGSTOWN, R. I., Jan. 14.—(AP)—Four men who held up an unarmed army dispatch rider at gunpoint and rifled through official army papers, only to return them with the remark that "it isn't here," still were at large today despite a state police dragnet.

There was no indication of what the men were seeking in their mysterious foray, nor any clue to their identity.

The men forced the soldier, Private Raymond L. Mosher, of Springfield, Mass., to drive his small army truck for more than a mile, a gun at his head, to a secluded lane where they carefully examined the documents. They sped away in a small sedan.

State police, upon being notified of the hold-up, posted guards on all highways leading out of the area and referred the case to the Federal Bureau of Investigation office in Providence.

Mosher said that all the men wore caps. Two wore mackinaw type coats and the others, dark overcoats.

PART OF STRIKING MINERS RETURN TO WORK ON THURSDAY

WILKES-BARRE, Pa., Jan. 14.—(AP)—Two thousand striking Pennsylvania hard coal miners complied today with a war labor board demand that they return to work, but approximately 17,000 others defied the WLB ultimatum and remained idle for the 16th day.

Despite growing tension throughout the strike area, there was no disorder and no picketing as 600 men took up their tasks again at the Hudson Coal Company's timbers No. 5 colliery and 1,600 workers resumed operations at the Glen Alden Coal Company's Wana-mo colliery.

The split in the strikers' ranks developed at a general meeting last night in which a vote was taken on the WLB's request that the men go back to their jobs and submit to negotiations their demands for a wage increase and their protest against an increase in union dues.

The board called the walkout a "threat to the safety of the nation" and warned that it would use all powers within its jurisdiction to settle the matter.

Woman and Five Children Die In Houston Blaze

HOUSTON, Jan. 14.—(AP)—Five little children and a woman were burned to death and two other occupants were burned, one critically, in a fire late last night which spread like a flash through a two story frame four apartment building.

The entire family of Earl A. Glass, 25, shipfitter at Brown Shipyard, was wiped out while he was at work and he didn't know about the death of his wife, Ruby Jane, 27, and their three children, Betty Jane, 4, Benny Earl, 3, and Billy Wayne, nine months, until he returned from work this morning and found charred ruins.

M. F. Goforth, another shipyard worker, was at the bedside of his sick father, G. M. Goforth in Dallas last night when his two babies, Jane, eight months old, and Ann, two years old, perished in the blaze and his wife, 25, escaped from the second story apartment with critical burns.

Mrs. Glass and the baby, Billy, were taken to the hospital.

ALLIED WARPLANES BLAST AT JAPAN'S FAR-FLUNG FORCES

BIG FIRES SET AT LAE NEW GUINEA; RAINS SLOW LAND FIGHTING

By The Associated Press.

Allied warplanes, blasting at Japan's far-flung invasion armies from Burma to the South Seas, were officially credited today with setting big fires at the important enemy base of Lae, New Guinea, and raining destruction on half a dozen other targets.

American motor torpedo boats darting into battle against Japanese warships were officially reported today to have damaged two and possibly three enemy destroyers in the waters off Guadalcanal Island, in the Solomons.

A Navy department bulletin said the enemy warships, presumably attempting to carry reinforcements to embattled Japanese troops on the island, were forced to withdraw to the northwest as a result of the furious torpedo-boat assault.

Two torpedoes were scored on one of the destroyers, one hit on a second destroyer, and two possible hits on a third, the Navy said.

The Navy's communique said U. S. Army troops on the island "continued their advance" under aerial support.

On the New Guinea land front, heavy rains slowed efforts to annihilate the trapped Japanese garrison at Sannanda Point, but

SENATE COMMITTEE SCORES DELAY IN BUILDING BARGES

WASHINGTON, Jan. 14.—(AP)—The senate defense investigating committee charged today there had been "inexcusable" delay and confusion in carrying out a large construction and conversion program designed to relieve the east coast's oil shortage.

"There was simply too much talk and not enough action," the committee said.

Recalling that President Roosevelt last spring appointed a committee to study the barge problem, the investigating group, which is headed by Senator Truman (D-Mo.), declared in an interim report: "The committee believes that there has been unnecessary delay and confusion in carrying out a program essential to the national welfare. The delay which occurred prior to the recommendations of the committee appointed by the President is most regrettable, but the delay which occurred after the committee and after its recommendations had been received by the President is inexcusable."

"The program recommended by the President's committee and approved by the President ought not to have been discarded on the Navy's suggestion that high-powered Diesels necessary for motive power could not be obtained without exploring whether existing tugboats and tugboat power could be made available by a transfer from other uses and without exploring whether steam engines, gas engines or smaller Diesel engines could be made available."

War At A Glance

PACIFIC—Allied warplanes blast Japs from Burma to South Seas. American torpedo boats damage Jap destroyers off Guadalcanal.

RUSSIA—Red army's drive through Caucasus widens, makes sharp advance toward Rostov.

ADDITIONAL TOWNS CAPTURED IN DRIVE TOWARD ROSTOV BASE

GERMAN BROADCAST HEARD THAT SOVIET TANKS BREAK THROUGH

By ROGER D. GREENE
Associated Press War Editor.

A new 50-mile retreat by Adolf Hitler's Caucasian armies was reported in Soviet dispatches today as the Russians crushed Nazi counterattacks and captured 12 more towns in their north-bound drive toward the great German base at Rostov.

Simultaneously, London heard a broadcast by the German news agency DNB admitting that Soviet tanks had broken the axis main line in the Caucasus.

On the Stalingrad front, Russian shock troops battling to annihilate the remnants of 22 Nazi divisions trapped in the Don-Volga corridor reported they had killed 400 Germans, thrown back counterattacks and routed the invaders from 27 more dugouts and blockhouses.

A Reuters (British news agency) dispatch from Moscow said high German officers were now leaving the Stalingrad area by plane to escape the Soviet death trap.

Highlighting other developments in the global war, Britain's powerful 1943 New Year offensive hit Germany overnight for the eighth time in 11 nights, following up a thunderous daylight assault yesterday on Nazi-occupied France and Holland.

London said the RAF's big bombers unloaded 100 tons of high explosives and incendiaries in the 12-minute night raid, striking at German war foundries in the Ruhr for the third night in a row.

Essen Target Again

Once again the RAF's main target was the battered city of Essen, headquarters of the giant Krupp armament works. Four RAF bombers were listed as missing.

Other allied aerial blows fell upon the axis in North Africa, where squadrons of United Nations fighters rained havoc on the forward positions of Nazi Field Marshal Erwin Rommel's Africa corps and blasted axis transport convoys in Tunisia and Tripolitania.

While furious battles raged in the African skies, British headquarters announced that the lull still prevailed in land fighting on the Libyan desert, with Gen. Sir Bernard L. Montgomery's 8th army gathering strength for the final offensive.

In Tunisia, French headquarters reported that French troops killed 100 axis soldiers and captured others in a surprise raid on an enemy outpost at Sidi Arat, 87 miles south of Tunis.

Dispatches from allied headquarters in North Africa said the French also stormed and captured two strategic heights northwest of Kairouan, rail and highway junction town.

A Berlin broadcast acknowledged that French forces had advanced

FRENCH TROOPS IN TUNISIA CAPTURED STRATEGIC HEIGHTS

WEATHER HALTS AERIAL ACTIVITY AND HAMPSERS GROUND FIGHTING

By WES GALLAGHER
ALLIED HEADQUARTERS IN NORTH AFRICA, Jan. 14.—(AP)—French troops aided by the new P-40 equipped LaFayette Escadrille blasted the Germans from two strategic heights in the mountains about 15 miles northwest of Kairouan yesterday, it was announced today.

The attack marked the first offensive operation by LaFayette Escadrille fliers in the Tunisian theater. The first squadron of the organization, composed of French pilots who shot down an average of seven or eight planes each in the brief battle of France, arrived at a U. S. fighter base Monday.

Bad weather temporarily halted allied aerial operations from the west against LaFayette Escadrille's forces in Libya.

An indication of the strength the allies are building up for the coming battles came in a report that the British navy successfully escorted 971 transports, supply ships and other vessels totaling 7,600,000 tons between Gibraltar and North African ports from last Nov. 8, when the AEF made its first landings, to Jan. 8.

The French operations northwest of Kairouan, a German held communications center southwest of the Port of Sousse, were the only offensive actions along the Tunisian front. Even this action was not touched upon in an allied force communique.

"There is no change in ground situation," it said.

"Air activity was light. Our

STOCKHOLDERS OF CORSICANA BANKS IN ANNUAL MEETING

**SANDERS HEADS FIRST
NATIONAL AND ROBERTS
STATE NATIONAL**

Will Thompson, local oil man and capitalist, was named as a director of the State National Bank Tuesday afternoon to take the place of the late C. L. Jester who died several weeks ago in the only change in the directorate of local banks made at the annual meetings of the stockholders of the First National Bank and State National Bank. All officers of the two institutions were re-elected by the directors after the stockholders meeting.

Deposits All-Time High
Heads of the two banks Wednesday reported deposits as of Dec. 31, 1942, reaching an all-time high and excellent year-end record. Deposits of the First National Bank are listed at \$8,086,901.76 and those of the State National Bank are \$3,089,842.23. Combined resources of the banks are \$12,538,977.66.

N. Suttle Roberts, president of the State National Bank, announced the regular dividend was declared and bonuses were authorized for employees.

B. L. Sanders, president of the First National Bank, pointed out that the high point in deposits and resources of that institution was reached in 1942.

First National
Officers re-elected for the First National are J. N. Edens, chairman of the board; B. L. Sanders, president; A. G. Elliott, active vice president and trust officer; J. N. Garitty, active vice president and assistant trust officer; Mrs. Kate H. Whitesell and H. R. Stroube, vice presidents; F. T. Lindsey, Chas. W. Croft, J. H. Brown and F. W. Allen, assistant cashiers.

State National
Officers re-elected are N. Suttle Roberts, president; J. Burke, vice president; W. M. Davidson, cashier; Alton N. Justis, F. L. Seale, W. L. Holman, R. P. Bates and Hallie G. Hampton, assistant cashiers. Mr. Justis was re-elected although he is at present serving in the U. S. Army.

Directors are E. E. Babers, J. O. Burke, James H. Cerf, W. M. Davidson, A. B. Douglass, Jr., Homer B. Jester, I. T. Kent, W. F. McCammon, R. A. Middleton, N. Suttle Roberts, W. T. Woodruff, all re-elected, and Will Thompson.

E. D. DILLARD IS MAIN SPEAKER FOR FROST FARM MEETING

Edmond D. Dillard, secretary of Navarro county A.A.A. from Corsicana, was the principal speaker at the Frost Farm Club program Tuesday evening for the farmers in that community. Representatives from the soil conservation service spoke briefly about the work of their department.

A trio composed of Bill Bowman, Leonard Hawkins and Darrell Griffin furnished music for the meeting. J. E. Shaw, president, was in charge of the program. L. M. Bennett and County Commissioner Drew Gillen were in charge of arrangements.

Correction Made Ration Banking

A correction on the ration banking system statement issued earlier this week by the district office in Dallas, was announced Wednesday by Tyrell Krum, regional information executive and Wilbur Wright, chairman of the Navarro county war price and rationing board.

The first statement said, "All food stores whose December sales were more than \$500 must use ration banking. Those whose sales were less need not do so."

The correction, as announced by Krum and Wright, reads: "Through a mechanical operation a zero was left off and it should read \$500. This office was in error in sending in the statement and we are appealing to you to use whatever facilities there are at your disposal to have correction made."

Thus, the announcement is that all food stores whose December sales were more than \$5,000 must use ration banking.

A TRAVELLER'S MEMORIES OF JACOB'S WELL AT OLD SYCHAR*

**Cold, Sweet Water Flows in Deep Well Dug by
Patriarch Three Millenniums Ago—A Flip-
pant Woman's Part in Story—Race Pre-
judice Then, as Now, a Living Issue**

By WILLIAM T. ELLIS.

Older than the pyramids, many springs and wells have flowed ceaselessly for uncounted millenniums. Mighty palaces and fortresses have been reared and crumbled to dust. Great empires have risen, thrived and fallen; but the lowly springs have flowed on, ministering to myriads of thirsty souls, a parable of spiritual influence.

One of the most famous of such wells, which bears the name of the Patriarch Jacob, is slightly off the main road that runs north and south throughout the length of Palestine. It is a short distance below the city of Nablus, the ancient Shechem. Beside it are the remains of a Crusader Church, and the beginnings of a new Greek Church; for the Greeks hold title to the spot, and maintain worship in a chapel built over the well. One's imagination plays over the long succession of thirsty men and women and children who, throughout three thousand years, have drunk from this well which Jacob dug for the use of his own company and flocks, never dreaming of the heritage he was bequeathing to mankind.

A Thirsty Traveller's Tale
One hot day Milady and our little daughter and I were returning from Galilee to Jerusalem. Our daughter had caught a fish in the Lake of Galilee, and we tarried in Nazareth to have it cooked for the noon-day meal. So it was in the full heat of the day that we resumed our southward journey. Soon our caravan was emptied, and we began to look for water. We found none in the villages that seemed safe, so I urged Noah, our chauffeur, to make all speed to Nablus, where a considerable stream flows from a covered spring.

I leaped down from the car and entered the spring house—only to find two Arabs bathing there. They courteously offered to dip up water for me from the spring in which they stood, but I declined. "We'll go to Jacob's well," I said, and Noah stepped on the gas. When we reached the enclosure, an acolyte admitted us, and we went straightway down into the chapel where two monks were conducting service, with no congregation present. The younger who was swinging a censer before the icons, remembered me—or my backache—from previous visits and at once turned his duty over to the neophyte, while we went to the well. Over this an iron grill work has been erected, with a pulley and a long wire rope and a copper pail. The curb of the well is deeply grooved and rutted from ropes of weary women who have drawn water here throughout the ages.

"The well is deep"—about a hundred feet to the surface of the water, and then some thirty feet of water. In a jiffy the monk had the bucket down, and up again, brimming with cold, sweet pure water.

Back to Old Springs
As we drank and drank and drank, the editorial instinct within admonished me: "This thirsty world needs to return to the old, old deep springs of living water. It has tried in vain to satisfy its thirst from polluted and inadequate streams, when all the while the tested spiritual refreshment of the ages awaits all who will drink. The Christ who once sat weaned on this well-curb offers Himself as the 'Water of Life.' This particular well's great antiquity is less in the visitor's mind than the one incident which made it famous. For here one evening sat the tired and hungry Jesus, and to a flippant and flippant Samaritan woman expounded the greatest truths of religion. That Jesus so often laughingly gave of His best to the least is one of the significant things of the Gospel. A pompous Civil War statesman is reported to have brushed aside an appeal with the curt words, 'I have no time for individuals.' Whereupon his visitor retorted, 'Then you are also a God Almighty.' For Jesus incarnated and taught the truth that God's care is for His creatures, one by one.

The Old Race Issue
Last week I had a rather bitter letter from a discouraged preacher, underpaid, who feels that he is wasting his life upon an unappreciative country congregation. I thought of Charles Kingsley, one of earth's great ones, who throughout his ministry served the one little parish of Eversley; and of saintly Samuel Rutherford, whose tiny church at Anwoth I have visited; and of Jesus, pouring out the riches of heaven to an unworthy audience of one, a sinful woman whom He changed.

When Jesus asked for a drink from Jacob's well, the Samaritan woman raised the race issue: "For Jews have no dealings with Samaritans." Our present day is sorely troubled by the Negro question, the Jewish Question, and the Oriental Question. We cannot settle any of these with glib comment or vague postponements. We must face them frankly, and deal with them in the Jesus way. He disposed of them by affirming the universality of God's care for all His creatures. Religious intolerance he condemned; God is a Spirit, to be worshipped in spirit and in truth. Included in the Divine fatherhood is human brotherhood. Children of God must have enough of the Father's spacious love to care for all His other children, regardless

of creed or color. One of the more hideous aspects of Hitlerism, against which we make war, is its murderous persecution of Jews, and its arrogant assumption of racial superiority.

More important to the patient Teacher from Nazareth, as He sat that day by Jacob's well, than either His hunger or thirst, was the salvation of the sinful Samaritan woman. He knew the worst about her; yet He also discerned the best within her. And by winning her, He won a messenger of salvation to her neighbors.

SEVEN SENTENCE SERMONS
Coarse meal for ever, rather than fine flour at certain times only.—Arab Proverb.

When a man becomes rich God gains a partner or the man loses his soul.—Anon.

Though language forms the preacher, 'Tis good works makes the man.—Cox.

It will not hurt you, nor hurt the truth, if you should have some few questions left to be carried on with you when you go hence; for in that more luminous state they will soon be cleared.—Horace Bushnell.

He that reapeth receiveth wages, and gathereth fruit unto eternal life.—John 4:36.

The world has nothing to bestow: From our own selves our joys must flow.—Cotton.

The United States was founded by men whose minds were charged with the Bible spirit; and everything that is strong in the national character of the Anglo-Saxon race has come from Bible teaching.

"The Sunday School lesson for January 17 is, 'Jesus Winning Souls.'—John 4:1-12.

Corsicana Girl on Baylor Committee
Jewel Taylor, Baylor University junior from Corsicana, and Ralph Norvell, Baylor University senior law student from Purdon, will serve on committees for the second annual Religious Focus Week to be held on the Baylor campus, February 7-12.

Miss Taylor, who will serve on the music committee, daughter of Mr. and Mrs. W. M. Taylor of Corsicana, is a music student at Baylor and a former student at North Texas State Teachers College at Denton.

Norvell, son of Mr. and Mrs. R. N. Norvell of Purdon, will serve on the class room committee. He has won honors in debate, including co-winner of the Pat Neff Freshman Debate Award in 1939, and was president of his freshman law class. He is a member of Pi Kappa Delta and the Senate Law Society.

Returns From Scout Meeting.
I. G. Pumphely, Corsicana Scout executive, recently returned from a meeting of the Boy Scouts Executive in Region nine, held at Mineral Wells, January 3-10. Pumphely is going to attend the council staff meeting in Dallas this week-end.

CARD OF THANKS
We wish to thank our many friends for their expressions of sympathy and for the beautiful floral offerings in our recent bereavement.—CLAUDE WEEKS, HUSBAND, AND THE WOODS FAMILY.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends the best of wood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permits rest and sleep, or you are to have your money back. (Adv.)

DEMONSTRATIONS ON CONTROL OF CATTLE GRUB OVER COUNTY

"The series of cattle grub control demonstrations just concluded over the county have revealed a widespread interest and desire on the part of farmers and livestock men to do something about controlling this destructive pest," according to County Agent H. C. Robinson.

"The damage done by this insect, both in ruined hides and meat losses, is now being noticed more than ever since buyers at the central markets are devaluing grubby animals from \$5.50 to \$1.00 per hundred pounds. Dairymen are also finding that their cows infested with grubs do not give as much milk. All of this adds up to a material loss to most men who own cows, as practically all herds in this area are infested."

"The recommended treatment is simple and inexpensive. Each an-

imal is dusted over the back and sides with a mixture of equal parts by weight, of wettable equalphur and powdered cube or derris root of 5 per cent rotenone content. Treatments should be repeated two times at 30 days intervals. Cost of the materials for the three treatments per animal is around 10 cents."

The Alan Hamiltons Going to Houston

Alan Hamilton, who has been with the State National Bank since 1931, has accepted a position with the City National Bank of Houston, where he will begin work on February 1. Previous to his position with the State National Bank, Hamilton worked at the First State Bank.

While Mrs. Hamilton is not expected to accompany Mr. Hamilton to Houston at once, she will join him there after he gets located. Mr. and Mrs. Hamilton are popular in the younger society circles in Corsicana and have many friends who will regret to give them up to Houston.

Northern-McClung

Nuptials Announced

Mr. and Mrs. C. C. McClung of Angus have announced the marriage of their daughter, Doris Adlene, to Pvt. Edward W. Northern, son of Mrs. Donald Hatch of Kansas City, Mo.

The wedding took place at the Navarro county courthouse on January 2, with Justice of the Peace A. E. Foster officiating.

The bride wore a three-piece suit of ice-blue, with rhinestone clip and navy blue accessories.

The bride's sister, Miss Martha Jo McClung of Corsicana, and Pvt. Marshall D. Rudden of Blackland Flying Field, Waco, and Miss Tabby Langston attended the couple.

The bride was graduated from Corsicana High school in 1939, attended the Navarro Commercial College, and was bookkeeper and clerk at McClung Nursery and fruit farm before accepting a position with the Southwestern Bell Telephone company.

The bridegroom attended Kansas City Junior College and Kansas University, and is now stationed at the Waco Flying Field.

DISTRICT MEETING EAST TEXAS C OF C SCHEDULED MEXIA

The sixth in a series of programs sponsored by the East Texas Chamber of Commerce will be held Thursday, January 21, in the city auditorium at Mexia, with "1943 Food Production to Win the War" as the subject. Speakers for the program have been chosen because they have a definite responsibility in carrying out the 1943 production program. They will explain their part in this program.

H. C. Robinson, county agent of Navarro county, and R. G. Dillard, Corsicana Chamber of Commerce manager, have offered to take those interested in attending this program to Mexia. They must be notified immediately by the ones wishing to go with them. Speakers such as the following

will be on the program: L. P. Merrill of Fort Worth, regional conservator of the soil conservation service; Ted Watson of Dallas, assistant regional director of the farm security administration; E. L. Boston of Angleton, chairman of the agriculture committee of the Texas Bankers Association; B. F. Vance, chairman of the Texas USDA War Board, College

Station; and other noted exas men. Raymond L. Dillard of Mexia, is chairman of the program.

Pin Removed From Throat. PHILADELPHIA, Jan. 14.—(P)—A safety pin was removed today from the throat of 10-month-old Judith Schand Wing who was

rushed to the Chevalier Jackson bronchoscopic clinic here last night by a trans-continental airliner that went off its course to pick her up. Physicians pronounced the child's condition as satisfactory. Easy, Convenient, Cheap—Just Phone your Want Ad to 163.

Relieve Misery of HEAD COLDS
Put 3-purpose Vicks Vapo-r-nol up each nostril. It (1) shrinks swollen membranes, (2) soothes irritation, (3) helps clear cold-clogged nose. Follow directions in folder. **V-A-T-R-O-NOL**

CORSICANA, TEX., JAN. 15, 1943

TO STOP HOARDING

This ration business is coming to be very annoying, but apparently "we haven't seen anything yet." From the mere rationing of sugar and coffee, the government is proceeding to limit and regulate more than 200 kinds of food, starting in February. There will still be enough to eat and to preserve health and energy, but there will be much less variety of available foods, and in most cases less food purchasable at one time.

It is going to be troublesome. But it is necessary, and the only sensible attitude is to make the best of it. It may help, in this process, to realize that in most other countries such vexing procedure has already been operating for a long time. Also that, while great quantities of American food are sent to allied countries, Americans will still get what they need for health and strength, and will still fare better than any of the other nations.

It is unfortunate that the foodstuffs must be subject to so much red tape. It will be annoying to stand in line for food rations and coupon books, as may have to be done. But for this inconvenience it will be just as well to blame human nature more than government. The government, no doubt, doesn't want to assume this unpleasant and thankless job. It wouldn't have to be done, in most cases, if people would all be reasonable and fair about buying. All must endure inconveniences because some would grab and hoard if they could.

LAST CHANCE

It should be evident now to all mankind, if it never was before, that with the diminishing size of this little world, and the immense development of the means of destruction, another modern war would be intolerable. It might destroy civilization, driving mankind back to barbarism, with unending warfare as a regular mode of life. Mankind would be going steadily downhill instead of accomplishing its great destiny.

Here is a very sober thought indeed, when you reflect that this same globe may be the only place in the whole universe where there is an intelligent race of beings capable of cooperating in a divine plan. It would be weak and wicked, indeed, for the responsible custodians of civilization to let it be wrecked by criminal nations.

WILHELM AND ADOLF

It is somewhat reassuring to learn from London that the governments of the United Nations intend to try Adolf Hitler and other prominent war criminals in an international court when the war ends. But misgivings arise when the last war is remembered. The same declaration was made then regarding Kaiser Wilhelm and his international associates, and nothing came of it. Wilhelm simply skedaddled to Doorn, Holland, as Germany began to collapse. He remained there unmoled, and the object of considerable sentimental sympathy, until his death.

The free nations, it must be admitted, are not very good avengers. They have been too humane to make a real job of ridding the world of dangerous criminals. It may be found again, when the test comes, that a prof of divinity still hedges

Edgar A. Guest

The Poet of the People

WHEN THEY QUESTION
When this cruel war is ended and the children want to know what we did to serve our country who were just too old to go, it will be a little difficult I fancy then for us.

To tell them how bravely we endured a crowded bus. When the children of our children gather round us at the fire and just what we did for freedom they are prompted to inquire, I wonder how well tell it to convince them we were brave, That we gave up needless driving to that rubber we could save?

When they ask us at the table, and there's company about, What we did to help our soldiers in these days of dread and doubt 'Twill embarrass us no little when such moments come to pass To explain we rode in buses now and then to save the gas.

When these babies of those fathers they may never, never see Have grown up to understand it and they question you and me, Shall we have the heart to tell them in a boastful sort of way That sometimes we gave up coffee and observed a meatless day?

a king, or even a ruler of lesser title, and keeps him from getting what he deserves.

But certainly, if Hitler survives this war, the world's safety and decency demand that a good job be made of it. His trial should be brief and to the point. He should be put away sternly for his boundless crimes and as an enemy of the human race, before sentimental morons start a wave of pity for him.

GREEK WISDOM

The Greeks had a word for it, or rather a phrase. "Nothing in excess" was their ancient way of life. It is sound advice, whose wisdom is brought to mind by a remark of Ambassador Joseph C. Grew's concerning the Japanese.

All we asked of Japan, according to Mr. Grew, was that she "abandon her militarist aggression, cease being a bad neighbor in Eastern Asia, and enjoy with us the prosperity that we and the Japanese could have found in common."

Instead they preferred to grab everything in Eastern Asia and elsewhere, and begrudge any other country a share of the wealth in the Eastern Asiatic area. In their coming downfall and resultant poverty perhaps the Japanese will give some thought to the wisdom of the ancient Greeks.

SIGNS OF THE TIMES

In Philadelphia 200 of the largest office buildings have been ordered to shut off heat at 4 p.m. daily, and leave it off until next morning. The purpose, of course, is to conserve fuel oil. A further order comes from the president of the Philadelphia Apartment Owners and Managers Association, directing apartment houses to provide hot water only between 5 and 8 a.m. and 5 and 6 p.m.

It won't be comfortable in Philadelphia without oil. But it would be still less comfortable without oil in Gaudalcanal or North Africa.

TALENT

What high Washington official speaks Spanish and Portuguese, and is learning Russian? The answer is Vice-President Wallace. His abilities along this line led President Roosevelt to send him as his emissary to South America in the winter of 1940-41.

Such accomplishments, unusual in American public servants, are familiar abroad. Wilhelm Folf, who was German foreign minister during part of the last war, knew several Oriental languages, and on this account was undoubtedly useful for German propaganda in Asiatic countries. England and France have often had skilled linguists in high places.

Now that Americans realize that this country must mix with the world, it is to be hoped that the United States will produce more polyglot statesmen.

God's greatest gift is time; thank Him for another year.

What if the President's "generalissimo" letter had gone to China as he wrote it? They'd never notice another "I" over there.

STILL STICKING OUR CHIN OUT!

ROAD, TAX MATTERS OCCUPY SESSION OF COMMISSIONERS

One of the busiest sessions of the Navarro county commissioners court in months was seen Monday afternoon with adjournment not being taken until 6 o'clock. Road and tax matters, reports from the department of public welfare, reappointment of three members of hospital board, allowing of claims and a discussion of the tax attorney situation were included in the session. It was announced that Ben D. Cook, assistant county agent here, is being transferred to Kaufman county as county agent. His successor will be here this week.

Farm Program. G. W. Orms, district agent, Texas A. and M. College extension service, appeared with Cook and outlined the farm program. He also discussed the war conditions and situation with the court in an interesting manner, with a decidedly optimistic tone to his discussions and observations, both relating to the German and Japanese fronts.

The bond of L. W. Varnell, justice of the peace, Precinct 8, Barry, \$1,000 was approved. The delegation representing those wanting the road north of Zion's Rest re-opened and the bridge repaired was informed by Drew Gillen, Blooming Grove, speaking for three commissioners, that there was no necessity to open the road and it would be of little value. The bridge and road is in Commissioner Jim Taylor's precinct and the court was turning the question back to the citizens and Taylor after standing the delegation that it will be a long time before machinery can be sent into the area even if it does not rain any more. He said that rains and other conditions prevented the fixing of the road last year.

Want Road Repaired. Joe Phillips, one of the delegation, wanted to know if Taylor would fix the road and when, intimating that if the request was not heeded, other routes will be taken to force the issue. It also was stated that it was desired a fence over the road right-of-way be removed. Commissioner Taylor reminded those present that his employees were on route to fix the bridge three weeks ago when rains stopped them. He said he would do all he could in the matter, but warned the delegation, "Don't try to make me," referring to carrying the matter over his jurisdiction to the court and an intimation that attorney's might be employed to force the matter. Judge E. D. McCormick asked that personalities be left out of the discussion.

Refuse To Work. Lon Warfield, resident of the Tupelo community, said there were nine negro families in that community receiving state aid for illegitimate children and they refused to work. He asked that something be done in the matter. Warfield was advised that the question should be taken up with the local office of the Texas Department of Public Welfare and that the bridge commissioners court had nothing to do with the business of determining the policies, etc. Judge McCormick, however, did read a letter he had written to an official several months ago about conditions there elicited considerable notice in state papers and caused several letters to be written.

A motion made by Commissioner Taylor, seconded by Commissioner Fred M. Copeland, that all bills not in the county auditor's office by the fifth of each month would not be paid until the following month. This action was taken to facilitate the auditing and careful preparation of claims to be taken up at the sessions of the court.

Hospital Board. On motion of Commissioner Gillen, Curtis Patterson, Frost, Druggist, Z. T. Banks, Corsicana, farmer-banker, and Dr. Gurley H. Sanders of Kerens, were re-appointed as members of the Navarro county Hospital board for two years, beginning Feb. 1, 1943. Members whose terms do not expire until February 1, 1944, are C. O. Weaver, Dawson banker, president; Paul Moore, Corsicana, secretary-treasurer, and Dr. C. C. Bowmer. The court passed an order setting all occupation taxes on marble machines, nickelodeons, and

other devices on which the State collects taxes. The county rate set was one-half that charged and collected by the state. The order passed directed the assessor and collector of taxes to assess and collect the taxes.

County Health Officer.

Dr. W. W. Carter, county health officer, whose present term expires Feb. 1, 1943, said that he had never heard anything about the Navarro County Medical Society members agreeing to do the work now done by the health officer in connection with the city-county health unit recently established here, but said that he had not attended all meetings of the society. He also said he had not heard anything about a reported agreement that the physicians on charity service at the P. and S. Hospital agreeing to treat indigents and persons in jail. Dr. Carter said he frequently was called to the county jail on driving while intoxicated charges and outlined other duties frequently performed.

Dr. Carter said he would like to remain as county health officer if the court saw fit to re-employ him. Dr. L. A. Proctor, director of the city-county health unit, Monday morning requested the court to appoint him county health officer, but said he could not treat the medical cases at the jail and indigents under regulation of his district, although he said the county medical society had agreed to do these services. It was brought out in the discussion that Dr. Proctor had not been a resident of Texas a year or a Navarro county resident, and it was doubtful whether he could legally serve as health officer, as he was not a legal voter.

Aid Still Available. Dean L. Woods, area supervisor, State department of public welfare here, advised the court the WPA will be stopped March 1, but direct aid in commodities will still be available to the school lunch programs if they are continued by the schools or other agencies. Quoting figures of the money sent to Navarro county as of December 1, 1942, Woods said that 2236 old age assistance recipients receive \$43,390 per month; seventy-five blind clients receive \$1,766 per month, while 252 dependent and neglected children, representing 551 children, provide \$5,844 per month. This last category was reduced 42 cases over the previous month, Woods said. One child in a family now can receive \$16 per month, while two or more can receive a maximum of \$24 per month. Woods said some 300,000 cases were lost in the first several months ago when the IOOF Annex building was destroyed. The department of welfare offices was located in the annex at that time. Woods thanked the commissioners for aid in providing the new quarters.

Increased Production. G. W. Orms, district extension service agent, outlined the request from the USDA for an increase of 25 per cent in food production this year, and said this principally will be carried on through the huge numbers of farm boys and girls in 4-H, vocational agriculture circles and others. The government figures three youths will produce as much as one adult on the farm under the program to be carried out. He told of the sending of Ben Cook, assistant county agent here, to Kaufman county as farm agent, a promotion for him. A successor will be here within the next few days. Cook said there were 350 Navarro county youths in the program now and 150 more will be added.

Claims were allowed except as noted on the claim docket. **Delinquent Taxes.** Edgar Hutchins, tax attorney here since 1939, said up, although he was re-considered for the post, stating he would try to do the job as desired by the court. Hutchins said that less than 10 per cent of the persons owing delinquent taxes when he came here had not paid up or paid part of taxes due, and then outlined the procedure carried on in handling the tax matters, payments, adjustments, etc. He said that many thousands of dollars of errors on the tax rolls had been corrected and duplications of renditions eliminated. Judge McCormick said the court had decided not to make a contract with anyone but desired to take more time for thought and study on the question before a decision was reached. Following is the financial statement of Navarro county funds as prepared by E. Y. Cunningham,

county auditor:

Negroes Sent to Dallas.
Contingents of prospective negro selectees were sent to Dallas for final physical examinations from Navarro county draft boards Tuesday morning.

FORMER CORSICANAN, OSCAR WILSON, DIED IN HAMLIN MONDAY

Oscar Wilson, about 55 years, native of Corsicana, died in Hamlin Monday. Funeral services were held at Hamlin Wednesday. He was the son of the late M. Y. Wilson, well-known Corsicanan. Mr. Wilson moved to Hamlin about 30 years ago.

Surviving are his wife of Hamlin, the former Miss Minnie Franks of Corsicana; a son, a daughter, and five brothers, Jack, Floyd and Clyde Wilson, all of Hamlin; M. Y. Wilson and Stanley Wilson, both in the armed forces, and a number of relatives in Corsicana and Navarro county.

C. H. Hutchinson, Engineering Aid, Transferred Here

Charles E. Hutchinson, engineering aid, has been transferred to Corsicana from Pflugerville, where he has served for the past several months with the Pflugerville work unit. Hutchinson is connected here with the Soil Conservation Service assisting the Navarro-Hill Soil Conservation District.

Odd Fellows Home Beneficiary in Will Of J. M. Forester

DALLAS, Jan. 13.—The Odd Fellows Widows and Orphans Home at Corsicana was remembered in the will of the late J. M. Forester, pioneer Lancaster farmer, filed Tuesday with Probate Clerk Fred Patrick. Mr. Forester died Jan. 2. His estate was valued for probate purposes at \$10,000. After bequests to several friends and relatives, the residue of the estate is left to the Corsicana institution.

Roe Speaker For Ministers' Luncheon

At the Corsicana Ministerial Association luncheon Monday, J. C. Roe spoke on, "Cooperation Between the Church and Courts on Juvenile Delinquency." The Rev. Robert J. Bristol, president, was in charge of the meeting. Other officers of the Association are the Rev. J. I. Cartledge, vice president, and the Rev. Allen Peacock, secretary-treasurer.

Judge McCormick in Austin. E. D. McCormick, county judge, was in Austin Tuesday attending a meeting of the Texas County Judges and Commissioners Association of which he is an official.

Why Choose an ORGANIZATION as Your Executor?

We are a business organization, chartered under the law to serve as Executor. So a fair question is, "Why should I name your organization as my executor?"

There are several major reasons. Experience—we know the job from close daily contact with it. Efficiency—we have geared ourselves to fulfill our responsibilities with the least time and as little lost motion as possible. Economy—we feel that our combination of experience and efficiency add up to important savings for estates.

In addition there are advantages of group judgment which we apply to problems, continuing corporate life, financial responsibility, and others which we shall gladly present to you at your convenience.

The First National Bank

Better Hurry Time is Getting Short

TO SAVE MONEY ON YOUR SUBSCRIPTION TO THE Corsicana Semi-Weekly Morning Light

Beginning on Feb. 1 the subscription price for the Light will be as follows

3 Months \$1.00
6 Months \$1.50
1 Year \$2.00

All to be in advance.

If you subscribe or renew your subscription to the Light before Feb. 1st. you will get the advantage of the present rate of \$1.50 a year.

After this date it will be \$2.00 a year.

It makes no difference when your present subscription is out for you can take advantage of the present rate by having your time advanced from the date of expiration.

The limit of the present rate of \$1.50 a year for new and renewal subscriptions. if paid before Feb. 1st., will be for one year for each subscriber.

Never before has it been so vitally necessary that everyone keep well informed by reading the newspaper than now, for during these times something new happens most every minute, in both the foreign and local fields.

MORE PEOPLE ARE READING THE NEWSPAPERS TODAY THAN EVER BEFORE IN HISTORY

Navy Officer Is Visiting Family

From the Fiji Islands, New Zealand, and New Caledonia to Corsica, Texas, Commander Roark Montgomery came in a round-about way.

He was stationed at the naval aviation supply depot at Oakland, Calif., for about six weeks after leaving foreign service last year, and then was in Washington and Philadelphia for ten days. Thursday Commander Montgomery will leave Corsicana for his temporary station at Oakland, after which he will soon leave the United States for Honolulu and the South Pacific, to serve on the staff of

the commander of aircraft in the Pacific.

He has been visiting his wife and two sons, Roark, Jr., and Carroll, for the past week, his first time to be in Corsicana since last July. Commander and Mrs. Montgomery and their two sons were in Pearl Harbor December 7, 1941, when the Jap attack was made. They later came to the United States and have been living in Corsicana for the past year.

Commander Montgomery, a native of Navarro county, is the son of M. Montgomery of Emhouse. He was educated at Emhouse high school, Texas A. and M. and Harvard. He became a lieutenant commander in 1939 and was promoted to commander in 1940.

Barry

BARRY, Jan. 14.—(Spl.)—Mrs. J. E. Varnell of Italy visited relatives here Friday night.

Mr. and Mrs. Bruce Watson moved to Waco Saturday.

Miss Marie Loyd visited home-folks at Hubbard over the week end.

Mr. and Mrs. Dan W. Graham of Blue Ridge were here Saturday.

Miss Jackie Weaver has accepted a position at Conroe and left for that place Tuesday.

Mrs. Daisy McCord of Richland spent Saturday night with relatives here.

Mr. and Mrs. A. M. Russell and daughter, Billy Jo, spent the week end in Houston.

Mr. and Mrs. O. K. Vinson and family of Frost have moved to the house vacated by the Bruce Watson family.

Miss Minnie Ruth Smith and Miss Doris Watson of Eureka spent the week end here.

Mrs. N. J. Grimmer spent last week with relatives near Milford.

A. T. Watson is very sick at the Navarro Clinic, Corsicana.

Mr. and Mrs. Carl Watson and little daughters, Norma Jane and Nina Lois, visited Mrs. J. D. Bourland Sunday.

Mrs. Percy and Gladys Varnell spent Sunday in Milford.

Mrs. Floyd Pool of Moran is visiting her parents, Mr. and Mrs. A. T. Watson.

James H. Parks left Tuesday for Nashville, after spending a 10-day furlough with his parents, Mr. and Mrs. J. B. Parks.

Mrs. Jack Hewett and little son of Dallas are visiting her parents, Mr. and Mrs. L. B. Derryberry.

Frost

FROST, Jan. 14.—(Spl.)—Mr. and Mrs. S. O. Hoyer spent last week with relatives in Dallas.

Rev. and Mrs. T. D. Ellis were called to Stephenville Monday on account of the serious illness of his father.

Mrs. Ernest Smith of Colorado, Texas, and Mrs. J. M. Beene of Las Cruces, N. M., are visiting their parents, Mr. and Mrs. W. C. Mims.

Mr. and Mrs. Lee Ballew and Leah spent the week end with relatives in Emmett.

Mrs. Virginia Freer returned to her home in Oklahoma after a pleasant visit with her sister, Mrs. Rex Patterson and little nephew, Ched.

Mr. and Mrs. C. R. Blake and niece, Miss Ann Couch, visited Dallas relatives Thursday.

Mr. and Mrs. E. J. Hightower visited Mrs. W. M. Johnson in Blooming Grove Sunday afternoon.

Mrs. Walter Newell of Hillsboro spent a short time with friends in Frost Thursday afternoon.

Mr. and Mrs. Chas. Turner of Powell spent Sunday with Mr. and Mrs. J. P. Slater.

Mr. and Mrs. Leo Reed and daughter of Corsicana spent last Friday with his father, Glen Red, J. E. Scott and Walter McCord were Corsicana visitors last Saturday.

Mr. and Mrs. Arthur Clifton and children of Corsicana spent the week end with her parents, Mr. and Mrs. John Rawlins.

Dresden

DRESDEN, Jan. 14.—(Spl.)—Mrs. Nig Melton and daughter, Joyce, of Fort Worth spent the week end here with relatives.

Mr. and Mrs. J. H. Sumner had their daughter of Corsicana, Misses Pauline, Fern, Dean and Jean, with them last week end.

Joyce Melton of Fort Worth spent Saturday with Peggy Ann and Lucy Faye Brister.

Mr. and Mrs. Wylie Phelps are moving to Oklahoma in the near future, where he will be in defense work.

Mr. and Mrs. Earl Prince and daughter, Betty Lou, visited the W. D. Cheeks Friday night.

Mr. and Mrs. Loyd Morton and children spent Sunday with her parents, Mr. and Mrs. Grover Melton.

Private Arlee Huffstutler, stationed at Galveston, and wife of Corsicana, visited in the A. L. Morton home last week.

Mr. and Mrs. Russell Farmer and family attended church at Navarro Mills last Sunday and Newell and Opal Ruth spent the day in the Asbury Farmer home.

Mr. and Mrs. Young of Frost, community were guests of Mr. and Mrs. Reagan Grounds last Sunday.

Mr. and Mrs. H. H. Crawford of Corsicana and Private A. Z. Warner and wife of Waco spent Sunday afternoon with Mr. and Mrs. H. S. Crawford and family.

Mr. and Mrs. Buddy McCollough and little son of Corsicana were guests of the Grover Melton family Sunday.

Richard Cheek of Dallas was here with home-folks over last week end.

Lee Welch of Corsicana was here Sunday.

Mr. and Mrs. N. E. Brister and children spent Sunday with the Z. E. Melton family.

Purdon

PURDON, Jan. 14.—(Spl.)—Pvt. Morgan Davis, stationed in California, spent last week with his father, Jim Davis, and other relatives.

Several from here attended the funeral of Conrad T. Compton last Friday at Corsicana. Mr. Compton was the brother of Miss Nora Compton and Mrs. Corn Bates and a former resident of Purdon.

Hobson Smith was in Austin last week.

Mr. and Mrs. Edgar Butler, Mrs. Clyde Boldin and Mrs. Raymond Riggs were Corsicana visitors Monday afternoon.

Mrs. Joe Senor, who moved to Waco Tuesday to make her home, was honored with a farewell party Monday night in the home of Mrs. Otis Morgan.

Mr. and Mrs. E. L. Hardie of Pickett spent Sunday with Mr. and Mrs. J. B. McDowell and Mrs. L. A. Steele.

Spray Material For Fruit Trees

We have all the spray material to keep your fruit trees healthy and to keep fruit free of worms. On account of labor shortage we are unable to do your spraying, however, now is your best season to plant trees and shrubs. Plant home-grown trees and see what you are getting.

McCLUNG NURSERY
Address: Corsicana or Angus,
6 Miles South on Highway 75.

Streetman

STREETMAN, Jan. 14.—(Spl.)—Miss Frances Burleson of Fort Worth visited her parents, Mr. and Mrs. Hugh D. Burleson Saturday and Sunday.

Mrs. J. L. Walker of Ennis is visiting her relative, Mrs. J. R. Hawthorne.

Homer Knott, U. S. army air corps in California, is visiting his sister and family, Mrs. Pete Carroll, during his furlough.

Monk Robinson of Kelly Field, San Antonio, is spending his furlough with his parents, Mr. and Mrs. J. P. Robinson.

Mr. and Mrs. Fred Marberry children, Peggy and Fred, Jr., of Corsicana, spent Sunday with Mrs. Marberry's sister and husband, Mr. and Mrs. H. L. Gilbert.

Mrs. B. Teer and Mrs. Leonard Smotherman were Corsicana visitors Monday.

Mrs. J. O. Cherry has returned from a visit in Fairfield with her daughter and husband, Mr. and Mrs. Clifford Cherry.

Henry Cole was a business visitor in Mexia Monday.

Billie McIver in the U. S. army, is visiting his parents, Mr. and Mrs. Norman McIver.

Mrs. P. C. Milner and Mrs. J. W. Milner were Corsicana visitors Monday.

Alva Cates who is employed in Dallas, spent Monday and Monday night with his family here.

Blooming Grove

BLOOMING GROVE, Jan. 14.—(Spl.)—Mrs. Jay Sewell, Jr., left Sunday for Norfolk, Va., to be with her husband, Lt. J. L. Sewell, who is stationed there, for some time.

Mr. and Mrs. B. Sisson and son, Joe Bert, visited her parents in Italy Sunday afternoon.

Mrs. Beverly Caldwell was the guest of Mrs. E. D. McCormick and Miss Hattie McDaniel for several days this week in Corsicana.

Miss Exie Birchfield, teacher at the Orphans Home, Corsicana, was the week end guest of Rev. and Mrs. W. S. Fisher.

Sgt. J. D. George of Pueblo, Colo., spent a week's furlough with his parents, Mr. and Mrs. J. D. George, returning to Colorado Sunday.

Jim Glenn of Mission spent several days here this week, visiting his mother, Mrs. A. A. Glenn.

Roger Carroll of Fort Worth is visiting relatives here this week.

Misses Lena and Louise Tillman spent Saturday and Sunday with their parents, Mr. and Mrs. C. L. Tillman.

Mr. and Mrs. George of Brownwood and Miss Lorraine George of Huntsville were here for the week end with Mr. and Mrs. R. W. George, Sr.

CARD OF THANKS.

I wish to take this means to thank my friends and neighbors for their many kindnesses and assistance at the sickness and death of my husband, and our father, J. M. Davis. Also for the many beautiful floral offerings sent.—MRS. J. M. DAVIS AND CHILDREN.

Byrnes Answers Texans' Questions

WASHINGTON, Jan. 14.—(AP)—Stabilization Director James F. Byrnes talked briefly, then answered questions of Texas congressmen on rationing and farm production at an off-the-record luncheon yesterday.

Guests included Grover B. Hill, Assistant Secretary of Agriculture; Federal Judge, Marvin Jones, former Texas representative; Charles Guy, editor and publisher of the Lubbock Avalanche-Journal and Bryan Blalock, Dr. H. D. Bruce and Oscar Jones, all of Marshall.

PACIFIC WAR

CONTINUED FROM FIRST PAGE
small Allied patrol worked constantly to ferret out hidden enemy positions in the swamps and jungles.

Gen. Douglas MacArthur's headquarters said that the Japanese had bombed the Japanese base at Akyab, on the Bay of Bengal, and pounded targets at Kyauktaw, 40 miles north of Akyab.

No further information was forthcoming on the progress of Field Marshal Sir Archibald P. Wavell's British command driving into Burma from India, last reported about 25 miles from Akyab.

Japs Fail to Appear.
SOMERSET, N. H. (Delayed)—(AP)—Billy Mitchell medium bombers and Douglas Havoc attack planes swept low over enemy positions at Akyab, on the Bay of Bengal, but the Japs just wouldn't come out and play.

Light anti-aircraft fire greeted the Mitchell, which centered their attack on the Japanese base at Akyab, but the Japs just wouldn't come out and play.

Among Mitchell pilots who made successful bombing runs over the big enemy base in Northeastern New Guinea were Lieut. William Brandon, Fort Worth, Texas.

Among the pilots who leisurely headed and strafed the Japanese base at Akyab were Lieut. William Beck, Pecos, Texas.

China Supplies Small

LONDON, Jan. 14.—(AP)—Dr. K. C. Yeh, London director of the Chinese ministry of information, said today that war supplies reaching China are "ridiculously small."

His statement was made in commenting on President Roosevelt's address to the United States congress in which he said that we are flying as much lend-lease material into China as ever traversed the Burma Road, now controlled by the Japanese.

"The Burma Road never reached its maximum capacity owing to various reasons," Dr. Yeh said at a press conference, "but even if it had, the supplies would have been far from enough, and what is going into China today is ridiculously small."

Japs Claim Success.

TOKYO, (From Japanese Broadcasts).
Jan. 14.—(AP)—Imperial headquarters asserted today that Japanese forces in the Tachin mountain area of eastern Central China had "dealt the enemy a heavy blow and destroyed the main enemy bases" in a campaign begun in December.

American-British Music Banned.

NEW YORK, Jan. 14.—(AP)—All music of American or British origin is banned in Japan by regulation just issued by the Japanese government. The Berlin Radio reported today in broadcasting a dispatch from Tokyo.

"Particular importance is attached to the suppression of jazz music," the dispatch said.

LEGISLATURE

CONTINUED FROM FIRST PAGE

Jan. 14.—(AP)—Sen. Ben Ramsey of San Augustine.

Judge to Do Double Duty.

AUSTIN, Jan. 14.—(AP)—A bill amending District Judge C. E. Nelson of the 72nd judicial district temporarily to exercise jurisdiction of the 95th judicial district was passed unanimously today by the senate.

The measure was introduced by Senator R. C. Lanning of Jacksboro, who said it would save the state and the district from \$30,000 to \$40,000 annually.

The district judgeship of the 95th district recently was vacated by election of the presiding judge to the court of civil appeals.

Naming Committees

Interest Legislators

AUSTIN, Jan. 14.—(AP)—A long road lay ahead of the 48th legislature today.

With organization only partially completed chief interest centered on the naming of committees by presiding officers of house and senate.

Meanwhile members took advantage of the hiatus by introducing or filing for introduction numerous bills which will provide grist for

HEALTH, BEAUTY AND POISE

HOW TO IMPROVE YOUR PERSONALITY
By VERONICA DENGEL

COUNTRY LIFE.

We have been having a real taste of winter up in our neck of the woods. Last Sunday we woke up to a foot of snow on the ground—the telephone ringing—and the baby still asleep at 8:30. It was the postoffice on the phone to say that they had tried to deliver a special delivery letter for me but had been un-Veronica Dengel able to get through. We were so surprised, because the night before we had not even suspected the storm. I calmly asked the postman to open the letter and read it to me—which he did with much astonishment and interest because it was a letter from the publisher of my book asking for a biography for their 1943 list of authors! It was the first time I realized I was really considered an author!

We jumped up to see the snow—and the beauty of it was indescribable. But when my husband and son went out to clean the driveway—they were amazed at how many shovels of snow there are in 300 feet. And our Airedale puppy, who had never seen snow, just didn't know what to make of it.

TEXAS OIL

CONTINUED FROM FIRST PAGE

daily compared with the federal certification of 1,426,800 daily.

Culberson cautioned that the nation might run shy of winter crudes and in an interview called for the conversion of larger quantities of sour crudes into aviation gasolines and other processed products.

"Our refineries are running at from 70 to 75 per cent of capacity now," he explained, "and unless we build up a backlog of crudes, I just don't see how we can supply the demand six months from now when the refineries will be operating at capacity. And they must operate at capacity when the real big military demands start coming in."

Should Step Up Production.

"In order that we may be fully prepared to meet the contingencies that will arise, it seems to me that the industry should be immediately called upon to begin producing, refining and storing substantially large and increased quantities of crude, gasoline and other products," stated Thompson.

Jester emphasized that production of sweet aromatic crudes can not be increased and suggested that West Texas crude types should be submitted in part for the production of high octane gasolines.

February nominations increased 11,526 barrels for District 2 (Southwest Texas) and 12,238 for East Texas over the January figures. District 2 nominations for District 8 (West Texas) nominations slumped 38,049. Increases of 7,969 for the Gulf Coast district and 5,155 for District 4 (Southwest Texas) were reported. Nominations for other districts were substantially firm.

along a wide front in fighting among spurs of the Atlas mountains in Central Tunisia, but asserted that axis counterattacks on the north flank had driven them back beyond their original positions.

Action Hampered.

Action in the main Tunis-Bizerte zone in Northern Tunisia continued to be restricted by mud and rain.

In the Russian campaign, Soviet dispatches said the Red armies had advanced 50 miles due north from the Georgievsk-Mineralnye Vody region in the Caucasus, smashed waves of savage nazi counterattacks on the lower Don, and inflicted heavy punishment on the Germans southwest of Velikiye Luki on the Central (Moscow) front.

Red army headquarters meanwhile filed at German claims that newly captured Soviet prisoners were chiefly 15-year-old boys and men of 60 or more.

"How then could such an army inflict grave defeats upon the multimillioned German army and hurl the German fascist troops over hundreds of kilometers westward, liberate about 2,000 populated places in the Stalingrad area, and recapture in the course of stiff engagements Nalchik, Mizdok, Mineralnye Vody and many other towns?" the Russian command asked.

"It appears that the German army has sunk so low that it retreats abandoning tanks, guns, trucks and ammunition dumps in the face of 15-year-old and old men wearing Red army greatcoats."

German-Italian Conference.

LONDON, Jan. 14.—(AP)—Reliable foreign observers reported today that a secret German-Italian conference at which the Nazis might take over full control of Croatia had been opened at Karlovac, southwest of Zagreb.

These sources said Italy might withdraw her troops from Croatia, carved from northwestern Yugoslavia and set up as an axis-controlled state under King Amedeo, formerly the Italian Duke of Spoleto, cousin of King Vittorio Emanuele.

Air Patrols Effective.

LONDON, Jan. 14.—(AP)—Britain's air patrols against enemy submarines have become so effective that "no U-boat dare show itself on the surface within 300 miles of our shores," Air Minister Sir Archibald Sinclair said today.

Long U-Boat Voyage.

STOCKHOLM, Jan. 14.—(AP)—The Berlin correspondent of the Swedish newspaper Aftonbladet reported today that Admiral Karl Doenitz of the nazi navy had made a 19-day trip in a submarine around the African cape to keep a rendezvous with Admiral Otsu Nagano, chief of the Japanese naval staff board, at sea off Madagascar.

During its trip, the Germans claimed, the U-boat sank an 8,000-ton American merchant ship off Capetown.

FATAL FIRE

CONTINUED FROM FIRST PAGE

Wayne, and the little boy, Benny Earl, appeared at a second story window engulfed in flames in a vain bid for help.

O. L. Roberts, fireman, told of how near they were to escape. "I had laid a ladder against a corner of the second story porch," Roberts said.

"I saw the woman break glass out of the window, and move a small boy through it onto the porch," Roberts continued. "His clothes were burning and the little fellow was frightened. He was burning all over."

"Then the woman crawled through the window, holding the little baby in her arms. The baby was also in flames. Suddenly as the woman crawled through the window, her knees bent and she dropped the baby on the floor and collapsed in a corner, engulfed in flames."

"The little boy, almost in arms reach of me but burning from his toes to the top of his head, turned and ran back into the house through the door."

"There I was standing on the ladder. I could have almost reached out and touched them, but still I could not save them."

stores of arms and equipment during the advance through the Fezzan area of the Libyan desert, the fighting French said today.

of Price Administration acted today to tighten up on grants of increased gasoline allowances for B and C ration book holders there.

Local Boards Hotted.

The OPA's lookout of the hands of local ration boards the decision as to whether these drivers could get more coupons to compensate them for the recent 25 per cent reduction in the value of their ration coupons. Hereafter the nearest district, state or regional OPA office must rule on the request.

OPA enforcement agents were accused in a house resolution prepared by Rep. Herter (R-Mass) of "extortion of hush money" in the case of the (valTexas) their revenue producing measures, an increase in the \$125,000,000,000 public debt limitation and expiring executive authority to make reciprocal trade agreements.

The rising tempo of the new congress also produced these developments:

Determination by the house naval committee to study the entire American naval program since the war began to ascertain progress made in combatting the submarine menace, growth of the navy's air arm, the need for new ships and the status of the battleship-versus-carrier controversy.

2. Mounting hopes for early lifting of the American Federation of Musicians' ban on recorded music, appeared meanwhile to be heading toward a quieter existence.

Chapman Dies (valTexas) said he would ask for its continuance another year, but would ask a \$600,000 appropriation rather than \$100,000, would cut its staff of a half dozen investigators in two and planned no public hearings so long as the war is on.

Social Security Changes.
Need for congressional action on immediate problems such as unemployment insurance, was stressed by several members today in support of President Roosevelt's proposal for an expansion of the social security system to combat postwar economic hazards.

Chairman George (D-Ga.) of the senate finance committee told reporters the calendars of committees which usually handle social security matters—ways and means in the house and finance in the senate—probably will be crowded for some time with prime legislation.

In this category, he placed pay-as-you-earn tax legislation, new revenue producing measures, an increase in the \$125,000,000,000 public debt limitation and expiring executive authority to make reciprocal trade agreements.

BRITISH AERIAL

CONTINUED FROM FIRST PAGE

"Visibility was good and numerous bursts were observed on the target and in railway yards," a communiqué said.

Sharing attention with this disclosure of a three-year-old war secret—the story of how Wellington bombers helped clear deadly German magnetic mines from the waters around Britain.

In a new booklet on the air force, "Coastal Command," the ministry said that the Wellingtons had been equipped with a secret device which set off the mines when the bombers flew over them at low altitude.

(D-Mich.) to succeed Leon Henderson as price administrator and former Senator Lee (D-Okl.) to be a member of the civil aeronautics board. They have not yet been confirmed by the senate. Both were defeated last November.

Committee Seeks New Life.
WASHINGTON, Jan. 14.—(AP)—A new lease on life for the house committee on defense migration was sought today by Chairman Tolson (D-Calif.), who said there was a tough job ahead in meeting the problems of war displacement of workers.

Tolson filed a resolution for the committee's continuance in the face of some opposition, privately expressed, that it entered fields far beyond the original objective of studying migratory labor.

Would Eliminate "Lame Ducks."
WASHINGTON, Jan. 14.—(AP)—Members of congress would be ineligible to hold appointive offices in federal executive and judicial branches within two years after their congressional terms end, under a bill introduced today by Rep. Brown (R-Ohio).

The Ohioan said the measure was designed to put an end to so-called "lame duck" appointments by the president or any of his subordinates.

Mr. Roosevelt earlier this week nominated former Senator Brown

POWER COMMISSION RENEW PROBE OF RATES POWER POOL

LITTLE ROCK, Jan. 14.—(P)—The federal power commission today renewed its investigation of rates charged to the defense plant corporation's Lake Catherine Aluminum plant by the Southwest Power pool of 10 private utilities. The Arkansas Utilities Commission became an active participant in the case, which was recessed Dec. 19 after a five-day hearing, when the FPC granted the state agency's petition to intervene. The state commission sought dismissal of the investigation on the contention that any disturbance of the existing rates might prove injurious to the war effort. The entire opening phase of the hearing was devoted to direct testimony by power pool witnesses in defense of the reasonableness of rates now in effect. The second phase, which began today, will include presentation of testimony from the state commission and cross examination of pool witnesses by FPC Attorney Lambert McAllister.

Social Revue

J. Hampton Keathley of Houston, a former resident of this city, was the featured soloist at the recent wedding of Miss Louise Bonewitz and Arthur Earl Allstott in Houston, singing as the wedding solo, "Because," with Mrs. J. Hampton Keathley furnishing the accompaniment and the wedding music.

In addition to entertaining their son, Lieut. (Sr. Gr.) Frank Keathley, USN, other guests in the H. W. Keathley home on Sunday were Mr. and Mrs. Herman Keathley of Tyler, and Mr. and Mrs. Hoyte Dunaway and daughter, La Treille, of Italy.

Sgt. and Mrs. James Hollingsworth and baby are visiting relatives and friends here. Sgt. Hollingsworth was stationed at Fort Lewis in Washington over a year but has been transferred to San Francisco. He is home on a furlough.

Notice

From now until Feb. 1st, you can subscribe or renew your subscription to the Corsicana Semi-Weekly Light for only \$1.50. After Feb. 1st the paper will be \$2.00. You can see A. B. Hutson any Saturday afternoon at the old A. B. Walker produce house on 10th street. If you will send Mr. Hutson \$1.50, he will take care of your paper. A. B. Hutson is the only McNeess dealer we have in Navarro county now. For McNeess Products see or write A. B. Hutson, Corsicana, Rt. 3. Mr. Hutson will get the necessary gasoline to make his McNeess route, as usual. We know this will be good news to many of his customers.

YOUR Federal Income Tax

No. 8.
WHO MUST FILE A RETURN.
Every single person must file a federal income tax return whose gross income for the year from all sources was \$500 or more; that is, as much as \$962 per week. Widows, widowers, divorcees, and married persons separated by mutual consent, are classified as single persons.

Every married person, living with husband or wife throughout the year, must file a return if his or her gross income, together with any income of the spouse, was as much as \$1,200 for the year; that is, as much as \$23.08 per week. If husband and wife both have income, they must both make a return. Such return may be made separately, or if they are both citizens or residents, they may make a joint return. A joint return may be made by husband and wife even though one has no income, and a joint return is advisable in the case of persons, one of whom has no income, who marry during the year, since the personal exemption attributable to the year must be reported in the joint return.

A joint return must be signed by both husband and wife, and verified by a written declaration that it is made under the penalties of perjury.

Where separate returns are filed by husband and wife on a calendar year, the total income allowable (\$1,200 where the married status has existed throughout the year) may be taken by either, or divided between them in any proportion agreed upon. If separate returns are filed one may not report income which belongs to the other, but must report only the income which belongs to him (or her).

No person is exempt from filing a return if his gross income is equal to or greater than the amount specified above for his classification. Neither the president of the United States, nor the vice president, nor federal judges, nor members of congress, are exempt from filing returns.

Moreover, all income from whatever source, unless specifically excluded by statute, must be reported in the return. The types of income specifically exempt are listed in the instructions accompanying the return form.

A person whose gross income does not exceed \$500, and consists wholly of salary, wages, dividends, interest, or annuities, may make a simplified return on Form 1040A, in which the tax due may be ascertained by reference to a table contained in the form.

A husband and wife living together on July 1, 1942, and who may file separate simplified returns if the gross income of each is from the prescribed sources and does not exceed \$3,000, or they may file a single point return in which the combined income is from the prescribed sources and does not exceed \$3,000. A taxpayer may not, however, file a Simplified Return if the spouse files a return on Form 1040.

INCOME TO BE REPORTED.

In preparing a federal income tax return, the taxpayer must report income, unless specifically exempt by statute, must be reported in the return. The types of income specifically exempt are listed in the instructions accompanying the return form.

In addition to salaries, wages, fees and commissions which must be reported, all bonuses, tips, prizes and awards, and other forms of compensation must be included. A minister of the gospel must report all the fees he receives for services rendered, for marriages, for baptisms, for marriages, and for other like services. If a person is paid in whole or in part for his services in anything other than money, the fair market value of whatever was received must be reported as income. This applies to the rental value of quarters furnished an employee as part of his compensation, unless the exception of the rental value of parsonages furnished to ministers of the gospel, board and lodging furnished as part of an employee's compensation, where the board and lodging is not provided primarily for the convenience of the employee.

Income must be reported whether received in hand or not, if there is "constructive receipt"; that is, if it has been credited to the account of, or set apart for, a taxpayer without any substantial limitation or restriction, which may be drawn upon by him at any time. This applies to interest credited to a savings account, and subject to withdrawal during the year, to dividend checks received during the year, whether cashed or not, to interest coupons maturing during the year whether cashed or not (unless the bond is in default and no funds are available to pay the interest coupons), and the like.

Interest accumulated, or accrued during the year, on savings bonds may be treated by a taxpayer reporting his income on the cash basis either as income during the year, or the accrual may be deferred until the maturity of the bonds and reported as income then. However, a taxpayer on the cash basis who elects to report income in such a manner must adhere to that method in all subsequent returns.

A farmer who trades or ex-

NATIONAL SOCIAL HYGIENE DAY TO BE OBSERVED FEB. 3

AUSTIN, Jan. 14.—(Spl.)—The Seventh National Social Hygiene Day will be observed in Texas on Wednesday, February 3, 1943. Dr. Geo. W. Cox, State Health Officer and Chairman on Health and Emergency Medical Service, announced in Austin today.

With the mass movement of men into Army camps, with war industries doubling and redoubling their production, "boom town" conditions frequently prevail," Dr. Cox said. "Broken family ties, crowded housing, unprecedented demands on medical facilities, lack of knowledge, and prostitution, favor the spread of venereal diseases, which in turn cost millions of dollars in medical care, lost time, inefficiency, labor replacement and accidents."

"Physical fitness not only of our soldiers, marines, and sailors but also of our civilian population, will determine the effectiveness of our war effort," Dr. Cox stated. "We must realize that the nation's defense depends on healthy civilian population, able to produce needed materials."

Social Hygiene Day, nationally sponsored by the American Social Hygiene Association will be observed throughout the country on February 3, 1943. Army and navy officers, industry, management, labor unions, health and welfare agencies participate in this nationwide campaign and collaborate on legal medical, educational and protective measures to fight venereal diseases among industrial workers.

"Physical fitness is the foundation of a sound national defense—the prerequisite for victory," asserted Dr. Cox. "More and more Americans are coming to realize that among the first enemies to be conquered in its present mighty effort are the venereal diseases. There can be no strong nation where bodies are unfit; most assuredly, there can be no military victory where disease acts as an insidious 'fifth column' within the ranks."

New Mexico Asks Further Exemption In Victory Tax

SANTA FE, N. M., Jan. 14.—(P)—The federal government today was asked whether housewives in community property states might claim an added 12 weekly exemption for their husbands' salaries from the 5 per cent victory tax. Attorney General E. P. Chase sought the ruling for New Mexico through the Collector of Internal Revenue. Its application, as in the federal income tax, would extend to other community property states—Arizona, California, Idaho, Louisiana, Nevada, Texas and Washington.

changes the produce of his farm for goods or services, must report as income the value of the goods or services received by such trade or exchange.

Payments made for maintenance by a wife subsequent to decree of divorce or on separate maintenance must be reported as income. In the case of noncommissioned military and navy personnel, compensation for military or naval service, to the extent of \$250 for a single person and \$300 in the case of a married person or head of family, received during the year, may be excluded in reporting income. Also the amounts contributed to the government by a service man's "monthly family allowance" are in the nature of gifts by the government and need not be included in income.

CARE IN PREPARATION OF INCOME

A federal income tax return is a report to the government of one's taxable income for the year. If it is a statement required by law of all single persons, and all married persons not living with husband or wife, whose gross income for the year amounted to \$500 or more, and of all married persons living with husband or wife throughout the taxable year, whose combined gross income for the year was \$1,200 or more.

It is no longer required that returns be sworn to by the taxpayer or by a third party, but the return that it is made under the penalties of perjury.

Income tax returns are kept on file and under certain conditions are subject to inspection by state officials in connection with the determination of state income tax liability, as well as by other law enforcement officers.

After a return has been filed, it is checked for accuracy by the Internal Revenue Service, and the taxpayer may be subject to examination or inquiry relative to matters connected with the return, or his income, and he may be asked for further substantiation of statements made in the return.

It is important, therefore, that persons subject to the income tax prepare complete and accurate returns, as required, both in their own interest and in the interest of economy in the administration of the mass of the sun is 334,500 times that of the earth.

THREE OFFICERS ASSIGNED DUTY CORSICANA FIELD

Three additional officers have been added to the army personnel of Corsicana Field, Air Activities of Texas, and have assumed their duties as check pilots, it was announced Wednesday by Lieut. A. S. Key, public relations officer.

Lieut. J. D. Bailey, formerly stationed at Perrin Field, whose home is at Wichita Falls; Lieut. W. M. Wilfong, also stationed at Perrin Field, whose home is at Cedar Springs, Mich.; and Lieut. R. L. Spiller, Jr., transferred from Waco, home, Beverly, Mass., are now on duty at Corsicana Field as check pilots. All are married and have moved their families to this city.

AMERICAN WELL BUSINESS OFFICE WILL BE MOVED

The entire accounting department of the American Well and Prospecting Company will be transferred to the State National Bank building during the week-end if possible, officials revealed Wednesday morning.

Workers are busy making changes on the mezzanine floor and constructing a partition on the balcony to cut that section and the director's room from the view of the lobby of the bank. The entire floor is being taken over for the accounting department.

The department is now located at the office building at the American Well and Prospecting Company plant on Highway 75.

GERMAN CONTINUED FROM FIRST PAGE

Continued from first page. Workmen are busy making changes on the mezzanine floor and constructing a partition on the balcony to cut that section and the director's room from the view of the lobby of the bank. The entire floor is being taken over for the accounting department.

More and more plants are being converted from the production of goods for civilian consumption to the manufacture of war materials.

Inspected Water-Sewer Systems.

A regional sanitary engineer of the State Board of Health, headquartered in Tyler, Wednesday inspected the water systems and sewage disposal plants of the cities of Corsicana and Blooming Grove, it was stated.

Form B-76 Official Statement of Financial Condition of the First State Bank

at Rice, State of Texas, at the close of business on the 31st day of December, 1942, published in the Semi-Weekly Light, a newspaper printed and published at Corsicana, State of Texas, on the 14th day of January, 1943, in accordance with a call made by the Banking Commissioner of Texas pursuant to the provisions of the Banking Law of this State.

REAL ESTATE AND INSURANCE

NATIONAL FARM MOBILIZATION DAY OBSERVED HERE

NAVARRO COUNTY FARMERS HEAR NEED FOR MORE FOOD AND FEED

National Farm Mobilization Day was observed in Navarro county Tuesday afternoon with a county-wide meeting of persons interested in farming. A number of governmental representatives and others spoke on the necessity of increased food and feed production for 1943. A number of changes in the program for the ensuing year were reported, while representatives of various governmental agencies outlined what their offices proposed to do in the "Food-Fort-Victory Program in 1943."

S. L. Garrett, chairman of the Navarro county war board, presided and introduced Edmund D. Dillard, secretary of the AAA. Production is to be stressed for all commodities of the farm except cotton and wheat. All were urged to produce all the food and feed possible. Dillard stated there would be no plow-up in the cotton program and if a farm is overplanted, no opportunity will be given for the plow-up. Goals are to be set for various crops in Navarro county, but the program is to be more or less on a voluntary basis. No penalty on cotton will be made if 90 per cent of the allotment is planted. A penalty will be in force if the acreage in peanuts is not reached. The soil-building program will be still in force, Dillard said.

County Goals. The AAA secretary then outlined the following goals for peanuts, livestock and poultry for the county in 1943:

For peanuts for oil, 1,575 acres, the same as last year; cattle and calves, 41,066, increase of five per cent; cows and heifers kept for milk, 10,383, increase of four per cent; sheep and lambs, all ages, 10,864, increase of five per cent; chickens raised, 405,649, increase of 16 per cent; turkeys, 55,132, increase of 15 per cent.

Dillard said the above goals and figures were minimum and that each farmer should be made to reach and exceed them.

Terrace Construction. The AAA secretary also stated that the government was providing \$100 per acre for terraces constructed on farms in 1943, amounting to \$42.24 per mile for new terraces built. He voiced the opinion the farmers would produce to the limit, despite the shortage of labor and machinery. "We must feed the army and our allies," he concluded.

Representatives were on hand from Corsicana, Kerens, Pickett, Corbett, Hubbard and Hillboro, Hill county; Dawson, Frost, White's, Chapel, State Home, Bazette, Rural Shade, Retreat, Eureka, Oak Valley, Chatfield, Tupelo and other communities. The county court room was filled with interested spectators.

H. C. Robinson, county agent, outlined the boys and girls 4-H clubs program embracing about 400 youths.

Government Agencies Aid. Glenn Atkins of the Corsicana Production Credit Association, outlined what the Farm Credit Administration hopes to do in aid. The Emergency Food and Crop Loans and Farm Security Administration are also divisions. Atkins said the governmental agencies he named were to furnish credit to agriculture generally—finance those unable to finance themselves through other channels. He declared this program was a carry-over from the rehabilitation program of a number of years ago. He said the Corsicana Credit Association in nine years had loaned approximately \$5,000,000 to farmers and had lost only \$114.

E. Creekmore of Hillboro, chairman of the board of supervisors of the Navarro-Hill Conservation District, embracing all of Navarro county and parts of Hill, Lime stone and Freestone counties, said his organization was back of the program in saving the productivity of the soil. Thad Jones, Hubbard; G. E. Moore, Frost; Morris Crawford, Kerens, and W. C. Pearce, Corsicana, are the other supervisors.

Soil Conservation. Mr. Ferguson of the Soil Conservation Service, offered technical

advice in the program and outlined the soil conservation program, suggesting terracing, crop rotation, permanent pastures, legumes, etc. Roy Cloud, Kerens vocational agriculture teacher, said his group was in the instructional part of the program, and referred to night schools for farmers and youths. He said that farmers would do what is necessary—just tell them what to do. The night schools provide tools and instruction for farmers who desire to bring their farm machinery to the shops to repair them, he said.

Mr. Wright, Federal Security Administration, spoke of the work of his office.

Radio Broadcast

A radio address was heard in which Agriculture Secretary Wickard, representatives of the armed and civilian forces, Russian, Chinese and British officials spoke of the part food is playing and will play in the food program.

Ben Templeton of the REA explained his organization.

E. J. Womack, field supervisor of the Emergency Crop and Feed loans, spoke of how his office may help in the food program.

Robert G. Dillard, manager of the Corsicana Chamber of Commerce, quoted figures on the production and buying power of the area within a 50-mile radius of Corsicana, and said it was expected that an increase of \$18,000,000 in the buying power this year would be seen. He quoted figures of the cost of previous and the present conflicts, and stressed the importance of food. He offered the services of the Chamber of Commerce in any manner possible.

Royald Mays of Kerens, said that the farmers were told last year what to plant to win the war and got stuck and "lost money." He referred to the onion and sweet potato crop. "How about the provision for distribution?" he questioned, and then said there were enough farmers in this area to feed the whole country and suitable land was available for any commodity if distribution is provided. Mays referred to the various lending agencies offers with the statement the farmers need distribution and not financing.

AAA Secretary Dillard said the government was working out a "supporting price" on beans, peas, peanuts and potatoes for this year and details will be passed along as soon as received here.

The meeting was turned into a question and answer phase with those interested discussing various problems and conditions incident to the raising of new crops, securing of machinery for harvesting, etc.

Infant Buried on Monday Afternoon Oakwood Cemetery

Funeral services for the infant son of Mr. and Mrs. M. C. Klutts of Roane, who died at the P and S Hospital, were held Monday afternoon. Burial was in Oakwood cemetery.

Surviving are the parents, a brother, John, two sisters, Correll and Lillie May Klutts. Sutherland-McCannon directed the arrangements.

CAMPAIGN TO BRING WAAC ENROLLMENT TO WAR STRENGTH IS ON

The opening of two new Women's Army Auxiliary Corps training centers, and the demand for additional categories of trained WAACs to take posts with the Army, have accelerated the enrollment plan for the Corps in Corsicana. Sgt. Harland C. Hackbarth, Post Office Building basement, who handles local applications for the WAAC, said Tuesday.

The two new camps, extending the training facilities formerly confined to Fort Des Moines, Iowa, are located at Daytona Beach, Florida, and at Fort Oglethorpe, Georgia. With the opening of its new camps, the Corps hopes soon to reach its authorized strength of 150,000 women trained for duty with the Army.

An intensive campaign to obtain enrollments for the Corps is now in full swing. Women of Corsicana are urged to "bring their skills and knowledge to the WAAC," Sgt. Hackbarth said.

The many new kinds of work for which WAACs are now being trained will release more and more fighting men for duty in combat jobs, Sgt. Hackbarth added. The Army Air Forces, for instance, have asked Director Oveta Culp Hobby of the Women's Army Auxiliary Corps, that it be supplied with WAACs trained in a number of specialties, including aircraft electricians, instrument specialists, mechanics, propeller specialists, metal workers, parachute riggers, radio mechanics, and operators, weather observers, armorers, bombight repairmen, gunnery mechanics, photographers, glider instructors, and many others.

Sgt. Hackbarth asked that "women interested in this opportunity to do the most for victory"—call at the local recruiting office for full details.

CORSICANA COTTON MILLS RE-ELECTED DIRECTORS, OFFICERS

Officers and directors were elected this week at the annual stockholders meeting of the Corsicana Cotton Mills.

The mills are running at full capacity with three shifts of workers, it was stated.

Directors re-elected are J. N. Edens, M. E. Woodrow, E. E. Sheehy, Sydney Marks, J. M. Dyer, J. N. Garritty, and Harry D. Johnson.

Officers re-elected are J. N. Edens, president; M. E. Woodrow, vice president and general manager; and E. E. Sheehy, secretary-treasurer.

General Manager Woodrow stated a "fairly good year was experienced in 1942," and added that the mill was in excellent financial condition.

Memorial Fund Appreciated by Guatemala Forces

The fund recently contributed by Corsicana citizens to provide recreational facilities for men of the U. S. armed forces in Guatemala reached its destination at the happy Yuletide season of the year, and judging from reports reaching members of the local Pan-American Round Table, it was gratefully received.

It will be remembered that the contributions were given in memory of the late Clifton Townsend Glass, who was actively engaged in the establishment of further recreational centers for service men in Guatemala City at the time of her death.

Under the sponsorship of the Pan-American Round Table, and the chairmanship of Mrs. Joel C. Trimble, the local fund was raised and sent to Col. E. N. L. Glass early in December and officials of the sponsoring organization have received their appreciation message.

"Colonel Glass has turned your check over to the soldiers of this base for their recreational room. I wish to thank you in the name of the troops for your generous contribution."

It is the first time that I know of, and the same apparently applies to the troops, that the soldiers have ever received anything that they did not pay for themselves. It was a very generous gesture and will always be remembered by the soldiers at this base.

Yours sincerely,
DAVID P. BURLEIGH,
Captain, U. S. Army,
Base Quartermaster.

Since the above letter shows very plainly that any courtesy to our armed forces in Central America is appreciated by both army officials and the men themselves, the Pan-American Round Table has decided to continue its sponsorship of the memorial fund, and cash donations of any size will now be accepted by Mrs. Joel C. Trimble, chairman, and immediately dispatched to our soldiers now stationed in Guatemala City.

Corsicanan to Receive University Degree

AUSTIN, Jan. 13.—(AP)—First of their kind, 232 University of Texas students will receive degrees at the end of this month in the first mid-term graduation the University has ever had. Among these degree applicants is John Sam Haslam of Corsicana, Bachelor of Arts degree.

Although no formal commencement ceremonies will be held, the graduates will receive their degrees upon completion of this semester.

In previous years, students completing degree requirements in January waited until the June commencement to have their degrees conferred. The mid-term granting of degrees grew out of the university's wartime speed-up program.

RATION BANKING SYSTEM TO START ON JANUARY 27TH

The pool of tires accumulated under the tire purchase plan will be distributed among tire dealers beginning January 20, which will relieve passenger tire shortage considerably, announced Wilbur Wright, chairman of the Navarro county war price and rationing board.

A ration banking system will begin on January 27, in which local banks in this region will handle all exchanges of ration stamps and coupons for ration certificates, instead of the ration board, Wright stated.

The local business which will be affected by ration banking are: (1) All retailers who sell rationed foods, sugar and coffee at the start, and processed foods when point rationing begins. (2) All chain stores. (3) All food wholesalers and other food distributors. (4) All gasoline wholesalers and distributors of gasoline, except retailers who are not permitted to open ration accounts. The plan will not apply to fuel oil at the outset.

All food stores whose December sales were more than \$500 must use ration banking. Those whose sales were less need not do so. They may merely pass coupons on to their wholesalers. This is an additional step to lighten the load on your board.

The banks are merely clearing houses for coupons nothing more. Their co-operation simply relieves the board of a large amount of clerical detail, Wright explained. More than 15,000 commercial banks are co-operating in the OPA program. Official instructions on ration banking will be issued from the district office in Dallas at a later date.

SCHOOL BOYS AND GIRLS MUST WORK PART THEIR TIME

CHICAGO, Jan. 14.—(AP)—Two million high school boys and girls will have to go to work on part-time, after-school and vacation jobs this year—and every year as long as the war lasts—to help solve the nation's manpower problem.

This estimate was reported today by Lyle Spencer, director of Science Research Associates, a group of sociologists, after more than a year's survey of the country's employment situation. It was supplemented by a study of what high schools can teach to

Kerens Defense Guard Unit Gave Program as Benefit

Company "C" 37th Bn. of the Texas Defense Guard presented a benefit program Friday evening at the High School auditorium. Reed Albritton acting as master of ceremonies announced the program as follows:

Popular Songs—"Ten Little Soldiers" and "We'll Meet Again." Rex V. Carnes accompanied by Mrs. Nat Kirkland.

Reading—"War." (Composed by Charles Miller)—Marinell Carpenter.

Vocal Selections—"This is Worth Fighting For" and "When the Lights Go On Again"—Miss Darrell Mabry, Mrs. Nat Kirkland, accompanist.

Novelty Monologue—James Luther Whorton.

Humorous Dramatic Skit—Rev. Finis Hodges, L. E. Gray, Bobby Coggins.

Vocal Quartet composed of Randall and Bobby Ray Chrisman, Jack Bain and L. E. Gray featured in "Der Feuhrer" and "Sweet Adeline."

Quiz Program directed by Jack Anderson.

One Act Play—"Ladies Alone"—Patty Jean Crowley, Racine Simmons, Bety Jo Crawford.

Talk by W. L. Bain, Jr., in which he outlined the need of the Texas Defense Guard and voiced an appeal for new members.

help prepare students directly for war jobs.

Twenty high school subjects in which trained young people are needed most for the nation's war machine, were listed by Spencer: Agriculture, auto repair, blueprint reading, bookkeeping, cooking, foundry, the international Morse code, machine shop, mechanical drawing, modelplane building, nursing, nutrition, office machine operation, personal hygiene, photography, plane repair, pre-flight aeronautics, radio and telephone repair, shorthand and typewriting, and wood working.

The report said that since passage of the teen-age draft bill, no boy can plan to do more than complete his current semester of work after he reaches 18 "unless he is training directly for one of the highly technical war occupations."

CORSICANA SCHOOL FINGERPRINTS EACH ALL ITS STUDENTS

In keeping with the aim of the Texas Congress of Parents and Teachers that every school child be identified by fingerprinting or some other method, the Sam Houston School P.T.A., assisted by teachers and city officials started last year to obtain fingerprints of every child in the school. It was said to be the first school in Texas and probably the United States to adopt the method and this year all first grade pupils and new students have been fingerprinted. Wednesday morning a group of mothers assisted the teachers in taking fingerprints of first grade and new pupils.

Mrs. J. K. Bradley, Rice, president of the Twelfth District P.T.A. is asking all local organizations to see that every child in every school is fingerprinted for its own protection. Fingerprinting is the only positive known means of lifetime identification, Mrs. Bradley says, and she is urging all schools to adopt the identification program.

Two sets of prints are made for each child, one being sent to the F.B.I. in Washington and the other to Austin. These prints are for civil records only and are maintained as a means of identification.

Members of the Sam Houston P.T.A. had the honor of demonstrating fingerprinting methods at the meeting of the state organization in Houston in November.

Mothers who assisted in taking fingerprints of the new pupils at Sam Houston school Wednesday were Mrs. J. H. Sullivan, Mrs. Max Wolens, Mrs. Marshall Weems, Mrs. E. D. Criddle, Jr., Mrs. Coakley Doolin, Mrs. W. T. Harwell, Mrs. Clyde Brewer, Mrs. John Bunch, Mrs. A. H. Auld and Mrs. E. V. Smith.

Former Resident of Purdon Community Buried at Italy

ITALY, Jan. 13.—Funeral rites were held here Tuesday for Des Whitley, 67, who died Saturday night following a brief illness. A native Texan, Whitley was orphaned early in life and was reared at Purdon, Navarro county. He had been night watchman here for 20 years when he retired a year ago. Surviving are his wife and a son, Master Sergeant Doyle Whitley, now in Africa.
